

STATE OF ARIZONA ALPHA LISTING OF JOB CLASSES THAT REQUIRE PHYSICAL EXAMS

This list is NOT all-inclusive. There may be some specific jobs that require a physical exam but do not appear on this list. However, OHS does “exception” exams for these jobs, if they require heavy lifting (>25#) or have chemical or other occupational exposures. Do not assume if the job class is not on this list that the position does not need an exam. Do not start the selected candidate to work until it has been determined if an exam is needed. Contact OHS for assistance with any questions or concerns.
